

Skill	Characteristic	Spending ☆, ☹, ⚡, ☹, and ☹
Astrogation	Intellect	☆: more accurate; ☹: faster; ⚡: much more accurate/faster; ☹: less accurate/slower, ☹: much less accurate/slower, or catastrophe occurs
Athletics	Brawn	☆: reduce time/increase distance; ☹☹: extra maneuver; ⚡: impressive feat; ☹/☹: physical penalties (■/Critical Injury). Very adverse conditions upgrade check
Charm	Presence	☆: extend duration; ☹: affect others; ⚡: make recurring character; ☹: reduce number of affected people; ☹: make recurring adversary
Coercion	Willpower	☆☆: inflict 1 strain; ☹☹: affect others; ⚡: completely break subject; ☹: building resentment in subject; ☹: reveal something secret
Computers	Intellect	☆: reduce time spent; ☹: gain extra info; ⚡: upgrade checks to find intrusion; ☹: ■ to checks to find intrusion; ☹: ■ to foes' checks to slice PC's own computer
Cool	Presence	Focuses almost entirely on initiative checks. ☹: extra insight; ⚡: recover 3 strain; ☹: miss a vital detail; ☹: Stun for 1 round
Coordination	Agility	☆: Reduce time, or increase distance 25% (max. 2x); ☹☹: extra maneuver; ⚡: truly impressive feat; ☹: lose X free maneuvers; ☹: Stun for 1 round
Deception	Cunning	☆: extend duration; ☹: increase value of return; ⚡: gain opponent's trust; ☹: causes suspicion; ☹: opponent uses lie to their advantage or warns others
Discipline	Willpower	☆: 🔴 to 🔵 next action; ☹: extra insight; ⚡: add ■ to allies' Discipline checks; ☹: thwart PC resolve; ☹: overwhelm PC (no action/bonus maneuver next turn)
Knowledge	Intellect	☆: recall info or complete research very quickly; ☹: learn minor but useful info; ⚡: learn relevant beneficial info; ☹: miss a vital detail; ☹: misinformation
Leadership	Presence	☆: extend duration; ☹: affect others; ⚡: make recurring character; ☹: decrease orders' efficiency; ☹: undermine PC's authority with target
Mechanics	Intellect	☆: reduce time spent (10–20%); ☹: grant ■ or Superior (temporarily); ⚡: powerful single-use bonus; ☹: shoddy repairs (breaks soon after); ☹: things get worse
Medicine	Intellect	☆: heal a single wound; ☹: eliminate 1 strain; ⚡: heal Critical Injury if healing wounds, or vice versa; ☹: increase time/inflict strain; ☹: further wounds
Negotiation	Presence	☆: 5% more profit/extend duration/more goods; ☹: unrelated boons; ⚡: regular client/vendor; ☹: decrease profit/value; ☹: sabotage PC's goals
Perception	Cunning	☆: reveal more detail; ☹: recall extra info; ⚡: notice details which are later useful (■ to future interactions); ☹: conceal vital detail; ☹: obtain false info
Piloting	Agility	☆: gain insight into situation or how to mod vehicle; ☹: reveal flaw in foe's vehicle; ⚡: extra maneuver; ☹☹: malfunction gives ■ to foes' checks; ☹: damage vehicle
Resilience	Brawn	☆: extend duration; ☹: reduce difficulty of future checks; ⚡: recover 3 strain; ☹: overburden PC and inflict future penalties; ☹: wound/minor Critical Injury
Skulduggery	Cunning	☆: gain insight into foe; ☹: identify extra targets or items; ⚡: unexpected boon; ☹: danger of being caught by NPC; ☹: leave evidence behind
Stealth	Agility	☆: aid allies; ☹: reduce time taken; ⚡: completely distract foe for duration of scene; ☹: increase time taken by 25%; ☹: leave evidence behind
Streetwise	Cunning	☆: reduce time spent; ☹: additional rumours/alternate sources; ⚡: gain semi-permanent contact on the street; ☹: seed minor falsehoods; ☹: reveal PC details
Survival	Cunning	☆: aid allies; ☹: reduce difficulty of future checks/gain info on quarry; ⚡: befriend animal/get detail on quarry; ☹: use PC resources; ☹: wounds/strain/Critical Injury
Vigilance	Willpower	☆: PC well-prepared or resource readily available; ☹: notice environmental factor; ⚡: take extra free maneuver; ☹: miss vital detail; ☹: lose first free maneuver

FEAR PAGE 299

State of Fear	Check Difficulty	Example
Minimally Afraid	Easy (◆)	Slightly overmatched in combat
Moderately Afraid	Average (◆◆)	A dangerously aggressive creature
Very Afraid	Hard (◆◆◆)	A major threat to one’s safety/moderate threat to one’s life
Mortally Afraid	Daunting (◆◆◆◆)	Very intense combat; confronting a rancor
Utterly Terrified	Formidable (◆◆◆◆◆)	Combat against something incomprehensible
Confront something reputed to be dangerous	Upgrade difficulty once	Confronting an ISB agent or an Inquisitor; negotiating with Jabba the Hutt
Confront something rare, known to be dangerous	Upgrade difficulty twice	Being trapped in the gullet of a Sarlacc
Confront something unique, known to be very dangerous	Upgrade difficulty thrice	Fighting Darth Vader

Failure causes ■ to each action during the encounter.

⚙: strain per ▼.

⚙⚙⚙: staggered during the first turn.

⚙: + ◆ to all checks until end of encounter.

☆: Avoid any fear effects except triggers from ⚙.

⚙: ■ to first check; extra ⚙: grant ■ to allies’ first checks.

⚙: Cancel all previous fear penalties; no further fear checks.

ENCUMBRANCE

PAGE 152

Carrying over threshold (Brawn + 5)	Add ■ to Agility and Brawn-based checks for each point over
Carrying over threshold + Brawn	Can no longer perform free maneuvers
Lifting an item over threshold	Athletics check with ♦ for each point over. Maximum of 4 points over
Concealing items	Foe makes Opposed Perception check against concealer's Stealth with ■ per item encumbrance above 1. Multiple items: pick the highest encumbrance

ITEM QUALITIES

PAGE 154-157

Name	Type	Effect (🌀🌀 to trigger unless listed otherwise)
Accurate	Passive	Add ■ per rating to attack checks
Auto-Fire	Active	+ ♦ to check. When triggered, generate additional hit; may trigger multiple times
Blast	Active	When triggered, those engaged with target suffer X wounds + ✨ (even if attack misses)
Breach	Passive	Ignore X points of armor (10X points of soak)
Burn	Active	When triggered, target suffers weapon base damage for X rounds; Coordination check stops
Concussive	Active	When triggered, target is staggered for X rounds
Cortosis	Passive	Weapons are immune to Sunder, armor is immune to Pierce and Breach
Cumbersome	Passive	Must have X Brawn, or increase difficulty of all checks by X – Brawn
Defensive	Passive	Increase melee defense by X. This defense stacks, but caps at 4
Deflection	Passive	Increase ranged defense by X. This defense stacks, but caps at 4
Disorient	Active	When triggered, target is disoriented for X rounds
Ensnare	Active	When triggered, target immobilized for X rounds; Hard (♦♦♦) Athletics check stops
Guided	Active	🌀🌀🌀 to trigger; if triggered and attack misses, make additional attack with ♦ per rating
Knockdown	Active	Requires extra 🌀 per silhouette above 1 to trigger. When triggered, target is knocked prone
Inaccurate	Passive	Add ■ per rating to attack checks
Inferior	Passive	Add 🌀 to all checks, decrease base damage/defense by 1 (if no defense, reduce soak by 1)
Ion	Passive	Attacks deal system strain instead of hull trauma (this is still reduced by armor and soak)
Limited Ammo	Passive	May make X attacks before reloading
Linked	Active	When triggered, generate extra hit on same target; may trigger X times
Pierce	Passive	Ignores X points of soak
Prepare	Passive	Must perform X preparation maneuvers before use
Slow-Firing	Passive	After use, must wait X rounds before using again
Stun	Active	When triggered, inflicts X strain
Stun Damage	Passive	Attacks deal strain, not wounds (still reduced by soak)
Stun Setting*	Active	Change range to short and choose to have attack deal Stun Damage (see above)
Sunder	Active	🌀 to trigger; when triggered, damage weapon or item one step
Superior	Active	Add 🌀 to all checks, increase base damage/defense by 1
Tractor	Passive	On hit, target may not move unless it passes a check to break free
Unwieldy†	Passive	Must have X Agility, or increase difficulty of all checks by X – Agility
Vicious	Passive	When scoring a Critical Injury or Hit, add 10X to the roll

*This isn't technically listed as a quality, but appears in the 'Special' column alongside them

†Force and Destiny

Incidental (as many as reasonable)		
Speaking to another character	Dropping an item held in one's hands	Releasing someone the character is holding
Minor movements e.g. shifting position; peeking around a corner; or looking behind a person		
Maneuver (1 free per turn, maximum 2 per turn. 2 strain or   : 1 extra maneuver)		
Aim:  to next attack (  if twice in a row)		Assist: Engaged ally gets  to next check
Drop prone:  to ranged/  to melee attacks from foes		Guarded stance:  to combat checks, melee defense 1
Interact: Move a large item; open a door; take cover		Manage gear: Draw/holster/ready/load gun or other item
Mount: Either mount or dismount from a creature (Average () Survival check if creature is untrained)		
Move: Change range increment (takes 2 maneuvers above medium range) or (dis)engage foe		
Prepare: Take a maneuver to prepare for something (e.g. a weapon with the Prepare quality)		
Action (1 per turn)		
Exchange an action for a maneuver		Activate an ability
		Activate a Force power

SPENDING , , AND IN COMBAT PAGE 206

Cost	Result Options
 or 	Recover 1 strain (may be selected more than once) Add  to the next allied active character's check Notice a single important point in the ongoing conflict Inflict a Critical Injury with a successful attack that deals damage past soak ( cost may vary) Activate a weapon quality ( cost may vary)
  or 	Perform a immediate free maneuver that does not exceed 2 maneuver per turn limit Add  to the targeted character's next check Add  to any allied character's next check, including the current active character
   or 	Negate targeted character's defensive bonuses until end of current round Ignore penalizing environmental effects until the end of the active character's next turn Have an attack temporarily disable the foe or a piece of gear instead of dealing wounds or strain Gain +1 melee or ranged defense until the end of the targeted character's next turn Force the targeted character to drop a weapon they are wielding
	Upgrade the difficulty of the targeted character's next check Upgrade any allied character's next check, including the current active character Do something vital, such as shooting the controls to the nearby blast doors to seal them shut
 	When dealing damage to a target, have the attack destroy a piece of equipment/weapon they are using
 or 	Suffer 1 strain (may be selected more than once) Lose the benefit of a prior maneuver
  or 	The opponent may perform a immediate free maneuver that does not exceed 2 maneuver per turn limit Add  to the targeted character's next check Add  to any allied character's next check, including the current active character
   or 	The active character falls prone The enemy gains a significant advantage, such as closing off the party's escape route
	The character's ranged weapon runs out of ammunition Upgrade the difficulty of any allied character's next check, including the current active character The weapon or tool the character is using becomes damaged

CONDITIONAL AND SITUATIONAL MODIFIERS

PAGE 210-212

Condition	Modifier
Ranged attack at engaged target	Upgrade difficulty of check once; ☹ automatically hits different engaged character
Ranged attack while engaged	+ ♦ with Ranged (Light); + ♦♦ with Ranged (Heavy); not permitted with Gunnery. Opponent adds ■ to next Brawl/Melee check while still engaged
Attacking prone/while prone	■ to ranged/■ to melee attacks from foes; ■ to melee attacks vs. foes
Two-weapon combat	It's basically Auto-Fire but more complicated, best to check the CRB if you want to
Unarmed combat	Damage equal to Brawn, Critical Rating 5, Disorient 1, Knockdown, can deal strain
Improvised weapons	See Improvised Weapons . Count as Inferior, 2 hands needed for large weapon
Silhouette difference	If silhouette is 2 larger, - ♦; if silhouette is 2 smaller, + ♦. Jawas are silhouette 0; humans are silhouette 1; dewbacks are silhouette 2; rancors are silhouette 3.

CONCEALMENT

PAGE 213

Dice	Examples
+ 1	Mist, shadow, waist-high grass
+ 2	Fog; twilight; thick, shoulder-high grass
+ 3	Heavy fog; thick, choking smoke; night

ENVIRONMENTAL EFFECTS

PAGE 212-215

Environment	Effect
Concealment	Add ■ to Gunnery, Ranged and Perception checks vs. concealed character and ■ to concealed character's Stealth checks per dice added (see Concealment); GM may include other skills
Cover	Ranged defense 1 (more if very hidden), ■ to some skill checks (e.g. Perception)
Difficult and impassable terrain	Difficult terrain takes 2x maneuvers to move through; impassable terrain takes a skill check (i.e. an action) to move through; probably Athletics/Coordination
Falling	Take damage and strain (see Falling Damage); damage is reduced by soak but strain is not. Character may make Average (♦♦) Athletics or Coordination check ; reduce damage by ☆
Fire, acid, corrosive atmospheres	Suffer wounds equal to rating of situation (see Fire, Acid, Corrosive Atmospheres) at start of turn (holding breath can prevent this). Rolling on the ground can put out fire; Coordination check
Gravity	Add up to ■■■/■■■ to Coordination and Brawn (not Resilience) for high/low gravity. Zero gravity counts as difficult terrain and does not grant any ■/■.
Suffocation	Hold breath for rounds equal to Brawn. After. suffer 3 strain at start of each turn until incapacitated, at which point suffer 1 Critical Injury at the start of each turn
Vacuum	Suffer 3 wounds per round in vacuum until incapacitated; then suffer 1 Critical Injury per round
Water	Counts as difficult terrain, or sometimes as impassable terrain (GM's discretion)

FALLING DAMAGE

Short	10	10
Medium	20	20
Long	Incapacitated; Critical Injury at +50	30
Extreme	Incapacitated; Crit at +75 or death	40

FIRE, ACID, CORROSIVE ATMOSPHERES

PAGE 215

Rating	Examples
1–2	Campfire, industrial cleaner, ash in the air
3–5	Flame projector, industrial acid, chemical leak
6–9	Welding torch, weaponized acid
10+	Lava, blast furnace, unbreathable atmospheres

MEDICINE CHECKS

PAGE 113 AND 220

STATES OF HEALTH

PAGE 215–218

State of Health	Effect
Exceeded wound threshold	Knocked out and incapacitated until wounds no longer exceed threshold. Immediately suffer one Critical Injury. Track wounds up to 2x wound threshold
Exceeded strain threshold	Incapacitated until strain no longer exceeds threshold
Critical Injury	Roll on Table 6–10: Critical Injury Result (page 217 of CRB). + 10 for each current Critical Injury
Staggered	Cannot perform actions (including downgrading to maneuvers). Lasts until end of next turn unless specified by effect; durations stack if effect is suffered again (up to end of encounter)
Immobilized	Cannot perform maneuvers (including by spending strain or 🌀). Lasts until end of next turn unless specified by effect; durations stack if effect is suffered again (up to end of encounter)
Disoriented	Add ■ to all checks. Lasts until end of next turn unless specified by effect; durations stack if effect is suffered again (up to end of encounter)

RECOVERY AND HEALING

PAGE 219–221

Recovery Method	Effect
Natural rest	Recover 1 wound and all strain per full night's rest. Attempt a Resilience check to recover Critical Injury once per week (against Critical Injury Severity Rating); failure recovers 1 wound
Medical care (organics)	Attempt a Medicine check and recover ✨ wounds and 🌀 strain. Attempts to use Medicine on oneself add ◆◆. Attempts to use Medicine with no medical equipment add ◆
Medical care (droids)	Use Mechanics instead of Medicine. Attempts to use Mechanics on oneself add ◆. Attempts to use Mechanics with no equipment add ◆
Bacta tanks (organics only)	Recover 1 wound per 2 hours if wounded, or 1 wound per 6 hours if incapacitated. Attempt a Resilience check to recover Critical Injury once per 24 hours; failure recovers 1 wound
Oil baths (droids only)	Recover 1 wound per hour, but no opportunity to recover Critical Injury
Stimpacks (organics only)	Apply as a maneuver. First stimpack recovers 5 wounds; each subsequent recovers 1 fewer (sixth stimpack recovers 0). Stimpacks regain effectiveness after full night's rest or 24 hours
Emergency repair patches (droids only)	Apply as a maneuver. Recover 3 wounds per use
Recovering from strain	Make a Simple (–) Discipline or Cool check after an encounter: recover 1 strain per ✨
Recovering from Critical Injuries	Make a Medicine check against the Critical Injury Severity Rating

PILOT ONLY MANEUVERS AND ACTIONS PAGE 232-233

Sil	Difficulty
0-4	One Pilot Only maneuver; suffer 2 system strain or spend  to take a second (max. 2 per round). If only 1 pilot (usually the case), pilot must take 2 strain or downgrade action to take second maneuver
5+	One Pilot Only maneuver (max. 1 per round)
Any	One Pilot Only action per round

MANEUVERS AND ACTIONS IN STARSHIP ENCOUNTERS PAGE 232-238

Maneuver	Sil	Speed	Description	Pilot Only except Angle Deflector Shields and Increase Power
Accelerate/Decelerate	Any	Any	Pilot may change speed by 1 (min: 0, max: per vehicle)	
Angle Deflector Shields	Any	Any	Any crew member may move 1 Defense from one zone to another	
Evasive Maneuvers	1-4	3+	Upgrade the difficulty of incoming/outgoing attacks until end of next turn	
Fly/Drive	Any	Any	May move the vehicle depending on current speed (see Flying and Driving)	
Increase Power <i>Stay on Target</i>	1-3	Any	Astromech may increase speed by 1 for turns equal to intellect at cost of 2 system strain and -2 to starship handling; can't perform Boost Shield action	
Punch It	1-4	Any	Go to maximum speed immediately, suffer 1 system strain per speed gained	
Stay on Target	1-4	3+	Upgrade the ability of incoming/outgoing attacks until end of next turn	

Action	Sil	Speed	Description	Gain the Advantage is Pilot Only
Blanket Barrage <i>Age of Rebellion</i>	5+	0-3	Make Average (◆◆) Gunnery check and choose all weapons of single type to fire this round. Until end of next round, all silhouette 0-4 ships get +◆ to combat checks against ship +◆ per  . If attacking ships generate  / they suffer one automatic hit at half/full damage according to weapon type	
Concentrated Barrage <i>Age of Rebellion</i>	5+	0-3	Fire all weapons of single type within single firing arc with single check.  : add damage equal to number of weapons. Only use against silhouette 5+ ships	
Damage Control	Any	Any	Mechanics check to recover 1 system strain or 1 hull trauma per  (same difficulty as Medicine checks); only allowed once per encounter for hull trauma	
Gain the Advantage	1-4	4+	Pilot makes Piloting check (see Gain the Advantage). If successful, either ignore effects of Evasive Maneuvers until end of next round; or counteract foe's Gain the Advantage action (+◆ for each time player and foe have done this)	
Overwhelming Barrage <i>Age of Rebellion</i>	5+	0-3	Fire all weapons of single type within single firing arc with single check.  : hit one extra vehicle at short range from original target; plus hit one extra vehicle for every 10 weapons fired. Can trigger multiple times but cannot hit the same ship twice. Damage equal to base damage + 1 per 	
Additional ship and vehicle actions	Any	Any	Perform an action; examples are given in Table 7-7: Additional Starship and Vehicle Actions but these are not intended to be exhaustive	
Combat check	Any	Any	Each starship weapon may only be used once per round. Silhouette 0-4 ships choose which defense zone is hit; 5+ ships are hit based on relative position

Action	Skill Check	Results
Boost Shields	Hard (◆◆◆) Mechanics check	Only if vehicle already has defense. If successful, vehicle suffers 1 system strain and increases single defense zone by 1 until start of next turn. Extra ☆ increases duration by 1 round per ☆
Copilot	Average (◆◆) Piloting check	Downgrade difficulty of pilot's next Piloting check by 1 per ☆
Fire Discipline	Hard (◆◆◆) Leadership or Discipline check	If successful, next crewmember to fire a weapon adds ■. Each additional ☆☆ affects an additional crewmember. ○○○: every hit on enemy inflicts 1 extra system strain until start of next turn
Jamming	Average (◆◆) Computers check	If successful, enemy must make Average (◆◆) Computers check + ◆ for each ☆☆. Affect additional targets for each ○ spent
Hyperspace Jump	Easy (◆) Astrogation check	Modifiers make this more difficult: see page 246–247 of CRB; page 76 of <i>Fly Casual</i> ; or page 142 of <i>Suns of Fortune</i> (for micro-jumps)
Manual Repairs	Hard (◆◆◆) Athletics check	Make Damage Control check to recover 1 hull trauma using Athletics. Each additional ☆☆ recovers one additional point
Plot Course	Average (◆◆) Astrogation or Hard (◆◆◆) Perception check	Study terrain ahead, reduce ■ for difficult terrain by 1 per ☆
Scan the Enemy	Hard (◆◆◆) Perception check	If successful, learn enemy's weapons, mods, system strain/hull trauma thresholds. ○○: learn current system strain/hull trauma
Slice Enemy Systems	Hard (◆◆◆) Computers check	Reduce defense of a zone on target for one round per ☆. ○○: inflict 1 system strain; ☉: disable weapon system for one round
"Spoofing" Missiles	Average (◆◆) Computers or Hard (◆◆◆) Vigilance check	If successful, Guided attacks against crewmember's ship get + ◆ plus + ◆ per ○○○ until start of next turn
Target Lock*	Computers check (Astromech only, same as Combat Difficulty)	If successful, ■ to pilot's Gunnery checks plus ■ per ☆☆. for 1 round plus 1 round per ○○. Wait 1 turn per ☉ before using again
Watch Your Back!*	Average (◆◆) Computers check (Astromech only)	+ 1 defense to single defense zone per ☆ until start of next turn, add ■ depending on size and chaos of the dogfight

SPENDING ○, ☉, ☉ AND ☉ IN STARSHIP AND VEHICLE COMBAT

Cost	Result Options
All results	See options for normal encounters, but ■/■ and upgrades target the character's next Piloting or Gunnery check, or next Computers or Mechanics check (allies only) instead of solely the next check Lists of vehicle components are in Table 7–10 and Table 7–11 on page 245 of CRB
○○○ or ☉	When dealing damage, temporarily disable important vehicle component instead of dealing hull damage/system strain (leaving it inoperable until repaired by Mechanics check); not too crippling (GM's discretion). If piloting the ship, perform one free Pilot Only maneuver (if it wouldn't go above max number per turn) Force target ship or vehicle to veer off, breaking any Aim or Stay on Target maneuvers
☉ ☉	When dealing damage, destroy some important vehicle component instead of dealing damage/strain
☉ or ☉	If piloting a ship, sudden maneuvers force the ship to reduce speed by 1
☉☉☉ or ☉	Initiative slot being used by active player drops to last in the initiative order Character grants enemy a significant advantage, e.g. character drifting straight into line of fire causing - ◆ to enemy's combat checks until start of next turn
☉	A component is rendered inoperable until end of next turn Character collides with opponent within close range, or with surrounding stellar phenomenon/terrain (collision is minor or major depending on whether check was successful or a failure)
