TN MODIFIERS BY ADJECTIVES

ADJECTIVES	TN MODIFIER
Trivial	-6
Easy	-4
Routine	-2
Challenging	-
Difficult	+2
Ridiculous	+4
Absurd	+6

MELEE

Measures a character's brawling ability in close combat.

- Melee action checks for things like throwing
- Melee defense against things like getting grabbed, punched, thrown, etc.

AGILITY

Represents ability to attack at a distance.

- Agility action checks for things like acrobatics, driving, and blasting at enemies at range.
- Agility defense which helps with dodging or avoiding ranged attacks.
- Determines character's Run Speed.

RESILIENCE

Measures stamina, tenacity and pain tolerance.

- Resilience action checks for things like withstanding extreme conditions.
- Agility defense which helps against being poisoned or infected
- Determines character's Health.

VIGILANCE

Represents situational awareness, mindfulness and discipline.

- Vigilance action checks for things like investigating crime scenes and searching for hidden clues.
- Vigilance defense which helps against being surprised or ambushed.
- Determines character's Focus and Initiative Modifier.

EGO

Represents energy, self confidence, personal magnetism and force of personality.

- Ego action checks for things like intimidating or persuading people and using psychic powers.
- Ego defense which protects against psychological trauma and mind control.
- Used for magical and elemental powers.

LOGIC

Represents character's powers of reason and insight.

- Logic action checks for things like inventing gadgets, solving puzzles and using complex weapons.
- Logic defense which helps against being confused, befuddled, or tricked.
- Used for telepathic powers.

ULTIMATE FANTASTIC ROLL

- The roll automatically succeeds, no matter the target number.
- Any *trouble* on the character is ignored.

FANTASTIC FAILURE

- The action fails, but something special still happens; because the roll contains a Fantastic result, something positive occurs.

CONDITIONS

ABLAZE

- Ablaze character loses 5 Health at the end of each of their turns until they die or condition ends.
- Can use water, fire extinguishers or other methods to put out blaze
- Anyone can smother the fire by using an action and making a successful Agility check against target number 10

BLEEDING

- Bleeding character loses 5 Health at the end of each of their turns until they die or condition ends.
- Anyone can stop bleeding by using an action and making a successful Logic check against target number 10.
- Condition ends when victim recovers 1 or more Health.

BLINDED

- Any powers the character is concentrating on that require line of sight immediately end.
- Character's speed is reduced by half for all modes of travel.
- Trouble on all action checks that require line of sight.
- Enemies have edge on all action checks against the character that reasonably require sight to defend against or dodge.

DEAFENED

- Any powers the character is concentrating on that require earshot end immediately.
- Trouble on all action checks that require hearing.

DEMORALISED

- Any powers the character is concentrating end immediately.
- Trouble on all action checks.

GRABBED

- Neither grabber nor grabbed can move unless they carry the other person with them.
- Grabber can let go at any time, but grabbed character must escape to be free.
- Attacks against entangled characters have trouble.
- If an attack against intended target fails, compare the same attack check against the other target's Agility defence.
- If attacker doesn't care who gets hit, attacker has edge on their check.
- If result is high enough to only hit one of the targets, that's the one it hits.
- If it's high enough to hit both, determine which is hit randomly.

PARALYSED

- Cannot move or take any actions that require Melee or Agility checks.
- Agility defence is reduce to 10 against ranged attacks
- Close attacks automatically hit

PINNED

- Follows same rules as Grabbed.
- Pinned character has trouble on Melee and Agility checks.
- Pinned character cannot use movement actions.

PRONE

- Has trouble on all Melee attacks.
- Close attacks against a prone character have an edge.
- Ranged attacks against a prone character has trouble.
- Standing up from prone costs 1 space of movement.

SHATTERED

- Permanently Stunned.
- Cannot take any actions.
- Can only speak in short sentences.

STUNNED

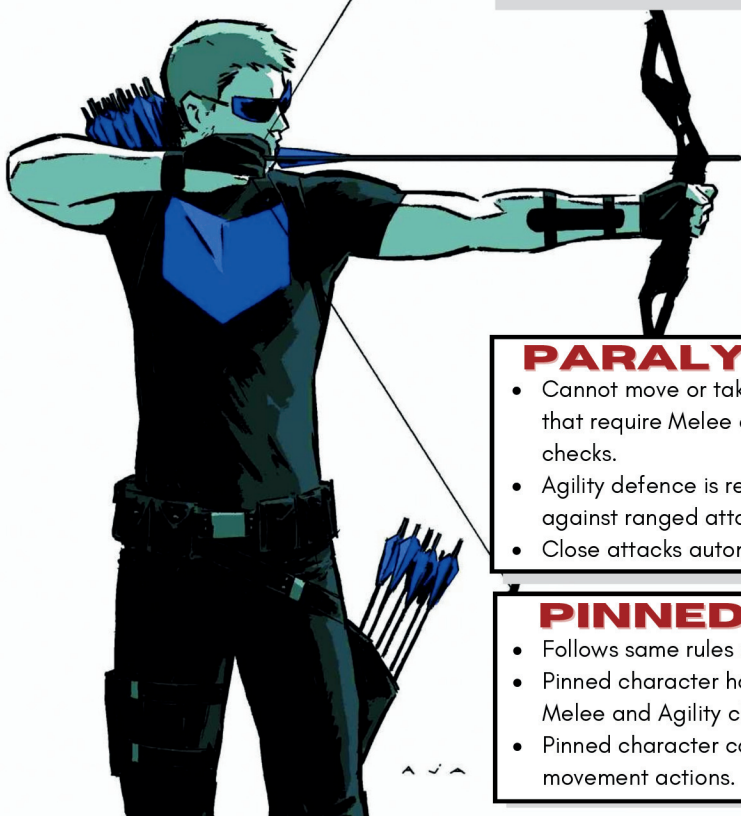

- Any powers the character is concentrating end immediately.
- Cannot take any actions.
- All attacks against stunned character have an edge.
- Lasts 1 round, unless otherwise specified.

SURPRISED

- Cannot act in the bonus round.
- If surprised later in combat, the character who triggered the surprise have an edge on attacks for one round.

UNCONSCIOUS

- Any powers the character is concentrating end immediately.
- Cannot take any actions.
- Defences are all reduced to 10.
- Close attacks automatically hit.

MANEUVER LEVELS
